MRS. MARGARET SPENCER.

Mrs. Margaret Spencer, after an illness of nine months, died at her home in Cincinnati yesterday morning.

She was formerly a resident of this city, and left seven children, three daughters-Mrs. Sadie Hughes, Mrs. Emma Sons and Mrs. Pearl Blythe of this city, and four sons-Frank, Clarence, Will and Henry Spencer.

Her remains will be interred this afternoon in Spring Grove Cemetery, Cincinnati.

BURNED TO DEATH

Aged Lady Could Not Be Gotten Out of Burning House

Early yesterday moraing Mr. Mason High, who resides at Pea Ridge near Germantown, awoke to find his home in flames.

The house was a substantial two-story brick and so great was the headway of the flames when discovered that he barely had time to get his wife and children out before the entire center of the place was a mass of fire.

His mother, aged 79, an invalid, occupied rooms on the second floor, and although Mr. High made strenuous efforts to rescue her, badly injuring himself in his endeavors, the aged lady was burned to death.

Mr. High lost everything in the house.

The loss will amount to about \$3,000, with little insurance. How the fire started is a mystery.

THE repeated mention of Associate Justice JOHN M. HARLAN of the Supreme Court of the United States as a possible Republican candidate for Governor of Kentucky has finally called forth a definite statement from him on the subject. This statement took the form of a letter from Mr. HARLAN to his friend and former partner, Augustus E. Willson of Louisville, and came at a time when it was apparent that the movement was spreading and gaining serions attention among the friends of the Associate Justice.

Not only has Justice HARLAN been personally importuned by a great many to make the race, but a large number of newspapers, not only in Kentucky, but throughout the country have published articles giving weight to the consideration of his name.

The amenities due Justice HARLAN's position on the Supreme Bench evidently prevented a direct statement to the newspapers, but the letter to Mr. Willson is sufficiently emphatic to leave no room for doubt that he does not desire to be considered as a candidate.

The letter is as follows:

"WASHINGTON, D. C., December 5th, 1906. "Dear Willson: The talk in Kentucky about my becoming a candidate for Governor embarrasses me no little, although the numerous and cordial expressions of goodwill and confidence which have come to me from persons of my old home, of different political faiths, are, on every account, most gratifying. They are very highly

"Of course, it should be deemed a great honor to be Governor of a state which has given to the country LIN-COLN. CLAY, CRITTENDEN and many others, in all the ranks of life, who have rendered distinguished public

services. Particularly, it would be a pleasure to once again traverse the old Commonwealth and look into the faces of the people who have been very kind to me and for whom I naturally have the greatest affection. "But I must foregof the honor which partial friends desire to bestow upon me. To give no other reason, a conclusive one for this course is that a canvass of the state, according to the Kentucky fashion, and (if elected) the discharge of the duties of the office of Governor for four years would, I fear, too severely tax the strength and vitality of one who, although now in the enjoyment of excellent health, will, if he lives until the first day of next June, be seventy-four years of age. Please, therefore, as opportunity may be presented, inform my Kentucky friends that they must not think of me in connection

with political station. I feel grateful for the pleasant

things they say of me, but it is impossible to meet their

wishes in this matter. Sincerely yours, "JOHN M. HARLAN."

AT Murdo, South Dakota, Artesian well diggers brought up a four-pound toad from a depth of 346 feet. The drill was working slowly through a clay drift when it was brought to the surface. No one believed the toad was alive, but after being in the cool air the reptile revived. What a magnificent Juryman that old fellow would make.

Kentucky secured representation at the Louisiana Purchase Exposition mainly through a campaign of private "begging;" and she has now entered upon a similar work in order to make a showing at the Jamestown Exposition. This is not, to say the least, very creditable to the Kentucky Legislature, which is notoriously liberal with the people's money when it comes to paying Judge Cantrill \$5,000 a year for doing nothing, and voting \$20,000 for a monument to a murderer.

STREETS PAVED

Maysville Now Has Brick Streets of Which She is Proud

On last Friday the finishing touches were put to Second and Third streets, which gave streets in the world.

We are now an up-to-date city in this respect, and are proud of the work done, although Engineer Sanborn lost a good hat by not having the work finished on December 1st. He has our sympathy as well as our thanks.

Following is a succinct and concise statement as to how this was all b night about:

On March 5th, Mr. T. M. Russell, seconded by Dr. Allen Dodson, moved that a special Committee, composed of the Ways and Means and the balance of the Council, with the Mayor and City Attorney added, be appointed to devise means for better streets.

During the following week that Committee was called together, all members being present, the Mayor presiding, and on motion of Mr. Dodson, a Committee was appointed to investigate streets in other cities, the Mayor appointing Messrs. T. M. Russell, J. A. Dodson and J.

On Sunday, March 8th, the above named Committee, accompanied by Mr. J. W. Lee, as land and Catlettsburg.

Have made their local reputation.

Proof lies in the testimony of Maysville peo-

ple who have been cured to stay cured. John Wallingford, living at the corner of Commerce and East Second streets, Maysville, Ky.,

"I first procured Doan's Kidney Pills in 1899 at J. Jas. Wood & Son's Drugstore, and they stopped an attack of backache, one of many which had annoyed me for some time. My wife at that time gave for publication in our local papers a statement telling of the great benefit had derived from Doan's Kidney Pills, and now, some five years later, I can say that the cure then effected has been complete and permanent. My back and kidneys have never given me the least cause for complaint. Mrs. Wallingford also appreciated the value of Doan's Kidney Pills from personal experience with them. She suffered most acutely with backache, especially at night, and Doan's Kidney Pills promptly and thoroughly cured her."
